

Dear Customer:

Thank you for choosing ALLVOI.

Please follow carefully the instructions on both sides. We will guide you through the installation process and explain how you can manage your account.

Please connect your ALLVOI equipment as shown on the diagrams on the reverse page. After you have properly connected the equipment, please power cycle (plug and unplug the power) all network devices - internet modem, ALLVOI device, router and computer.

Please allow 5 minutes before you start using the service.

Please be aware that you can use only ONE ALLVOI device at a time (Soft Phone or ALLVOI Adapter or ALLVOI NetPhone or ALLVOI 2go app). For information about how to enable use of multiple ALLVOI devices at the same time please go to [www.allvoi.com](http://www.allvoi.com)

Important! To make calls please dial:

1 + area code + phone number for domestic calls

011 + country code + phone number for international calls

You can manage your account online.

Go to [www.allvoi.com](http://www.allvoi.com)

To log in use your account number (87XXXXXX or E000XXXXXX) as a User ID and the password that you created during the registration process.

Once you log into your account you can:

- View your billing history
- View your call details
- Change your personal settings
- Set up Voice Mail and many more

For more information please visit us at [www.ALLVOI.com](http://www.ALLVOI.com) or call ALLVOI Customer Service at 1-877-4ALLVOI.

Thank you for choosing ALLVOI. you have made a fine choice and we look forward to serving you.

ALLVOI Team

# ALLVOI Installation Guide

Please connect ALLVOI equipment according to one of the diagrams below.  
After you have properly connected the equipment, please power cycle all network devices (plug and unplug the power):

- Power on the DSL Modem and wait until all lights are on.
- Power on ALLVOI phone adapter and wait until Power, WAN and Phone lights are on.

Please allow **5 minutes** before you start using the service.
